

# ACADEMY OF MANAGEMENT REVIEW

Idea Development Workshop at EIBA

# DESCRIPTION

Join us for an insightful workshop organised by the Academy of Management Review (AMR) focusing on the development and publication of theory papers in International Business (IB). Designed for scholars at all career stages, this interactive session will cover key aspects such as understanding what constitutes a significant theoretical contribution, framing IB research questions for general management journals, crafting compelling theory papers, and navigating the review process at AMR.

Participants will also receive practical advice on structuring papers and responding to reviewers' feedback from current and previous AEs, successful authors and ERB members.

The workshop is only open for EIBA-registered participants. To be invited to the workshop please prepare and submit the pre-workshop tasks (see following slides) before November 18 to [amr@aom.org](mailto:amr@aom.org)
